NAME THE TEAM CONTEST

The Blue Jays were named in a contest conducted in June and July of 1976. Over 30,000 individual entries were received, suggesting over 4,000 names for the new American League club. From the list of names submitted, specially-appointed panels of judges selected ten names to submit to the Board of Directors. The Directors chose the name "Blue Jays" from that list and announced their decision on August 12th, at which time the team officially became the Toronto Blue Jays Baseball Club.

A total of 154 people submitted the name Blue Jays, and a drawing was held to select a grand prize winner from those who submitted the name. Dr. William Mills of Etobicoke, Ontario, won a pair of season tickets for 1977 and an all-expenses paid trip for himself and his family to watch the Blue Jays at spring training in Dunedin, Florida. Nine runners-up also won season tickets.

BLUE JAYS LOGO

The Blue Jays logo was created by the Toronto design firm of Savage Sloan, Ltd. It depicts a stylized Blue Jay on a red baseball outline incorporating a red maple leaf. The logo features two shades of blue, and red. It was selected to represent three facets of the club's identity: the team name, baseball, and the fact that the team is Canadian.

TRADING REGULATIONS: Players are available on waivers in reverse order of standings, at the time waivers expire, if more than 30 days after start of the season; otherwise in reverse order of standings at close of preceding season.

–No waivers necessary from last day of season to midnight, July 31. Waivers are necessary from midnight, July 31 (PDT) to final day of season.

National Association–Waivers are required at all times for assignment to National Association, except for optional assignments within three years of date player first reported to the major leagues.

Waiver and Draft Prices

Waiver Price is	$25,000
Major League Draft Price is	50,000

FREE AGENT DRAFT RULE: Major league and National Association clubs participate in two meetings a year for the purpose of drafting free agent player talent. Selection of a free agent entitles the club to the exclusive right of negotiation with the player for a specified period (from the date of selection until 15 days prior to the next draft meeting). Draft meetings are held in June and January.

There are two phases to each draft meeting:
(1) Regular Phase: Clubs choose in inverse order of major league standings, selecting free agents and previous draftees who had not signed contracts but had instead enrolled in four-year colleges and since had either completed his junior year or become 21 years of age. . . Each organization may select only one player for each of its major league, AAA and AA rosters but is not limited to the number of picks for "A" level. . . Minor league clubs select in the same relative order as their parent clubs.

(2) Secondary Phase: Selection of free agents who had been drafted previously but who had not signed contracts before the negotiation right expired (except those draftees who had enrolled in a four-year college and had since graduated or become 21 years of age–now drafted in Regular Phase). . . It is possible for a club to redraft a player whom it had been unable to sign after the original selection, but only with the express written consent of that player. . . The order of selection is by lot with the 26 major league clubs divided into two 13-team groups with the groups alternating having first selection in respective drafts.

If a club fails to sign a drafted free agent, its exclusive right to negotiation will expire on a specified date (see below). . . Such a player then becomes eligible to be selected at a subsequent date in the secondary phase of the draft.

Date Selected	Rights Expire
Winter Draft	15 days prior to Summer draft
Summer Draft	15 days prior to Winter draft

REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or shortened because (1) the home team needs none of its half of the ninth or only part of it; or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than five innings if the home team is ahead after the first of the fifth, or takes the lead or ties the score while at bat in the fifth.

TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs is a tie game. Individual player performances are official and are entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.

SUSPENDED GAME: A game becomes a suspended game if it is terminated for any of the following reasons: (1) a curfew imposed by law; (2) a time limit permissible under league rules; (3) light failure or malfunction of a mechanical field device under control of the home club (including automatic tarpaulin or water removal equipment; or (4) darkness because of any law, the lights may not be turned on. No game called because of a curfew or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game (see above). A game called under either provision (3) or (4) shall be a suspended game at any time after it starts. Note: weather and similar conditions shall take precedence in determining whether a called game shall be a suspended game. A game can only be considered a suspended game if stopped for any of the four reasons specified.

Since 1980, if WEATHER forces the termination of a legal game while an INNING IS IN PROGRESS, it will become a suspended game if either of the following two conditions exists: (1) The visiting team has scored one or more runs to tie the game and the home team has not scored, or, (2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or taken the lead. If a legal game is tied when called because of weather and neither situation listed above prevails, it is a tie game and must be replayed in its entirety.

Suspended games shall be resumed at the exact point of suspension immediately preceding the next scheduled single game between the two clubs on the same ground. . . If this is not possible, other provisions for resumption are specified in American League Regulation 3.8.

A game called at the END of a completed inning AFTER NINE INNINGS for any reason shall be a SUSPENDED game. This rule became effective in 1969. Formerly, the game would have been declared a tie and replayed in its entirety at a later date.

DISABLED LISTS: REGULAR DISABLED LIST: Maximum number of players on list at any one time–three (3). Minimum period of activity–twenty-one (21) days. Players may not be placed on the Regular Disabled List earlier than fifteen (15) days prior to the start of the Championship Season. SUPPLEMENTAL DISABLED LIST: Maximum number of players on list at one time–two (2) of which no more than one (1) may be a pitcher. Minimum period of inactivity fifteen (15) days. SPECIAL DISABLED LIST: Maximum number of players on list at any one time–one (1). Minimum period of inactivity–thirty (30) calendar days. Placements on this List are limited to Clubs who have two (2) players on the Supplemental Disabled List, and three (3) players on the Regular Disabled List, and subsequently incur an injury or ailment to a player whose estimated disability will exceed twenty-one (21) days, yet be less than sixty (60) days. EMERGENCY DISABLED LIST: Maximum number of players on list at one time–no limit. Minimum period of inactivity–sixty (60) calendar days. Players placed on this list after August 1st shall remain there for the balance of the season.

AMERICAN LEAGUE CURFEWS: No inning of an American league night game can start after 1:00 a.m., local time. Any inning started prior to 1:00 a.m. can be completed. Curfews shall be waived for the final game of the season between two teams in each of the cities.

Any game, regardless of length, called because of the time curfew, becomes a suspended game and must be completed from the exact point of interruption before the teams play their next scheduled game against each other.

DEFINITION OF NIGHT GAME: Any game scheduled to start after 6:00 p.m. (i.e. 6:01 p.m., or later), will be considered a night game. If a game is scheduled to start at 6:00 p.m., and is delayed by rain or for any other reason, it will be considered a day game.

However, both games of a twi-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in doubleheader statistics.

BATTING CHAMPIONSHIP QUALIFICATIONS: A batting champion must have 502 or more actual plate appearances. (The equivalent of 3.1 appearances for each of the 162 scheduled games.) If, however, there is any player with fewer than the required number of plate appearances whose average would be the highest if he were charged with the required number of official at bats, then the player shall be awarded the batting championship.

EARNED-RUN AVERAGE CHAMPION QUALIFICATIONS: To win the earned-run average championship a pitcher must pitch 162 or more innings and have the lowest earned-run average.

FIELDING CHAMPIONSHIP QUALIFICATIONS: A fielding champion must appear in 108 games at his position, except a catcher, who must appear in 81 games.

DETERMINING THE MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

DETERMINING BATTING AVERAGE: Divide the number of at bats into the number of hits.

DETERMINING AN EARNED-RUN AVERAGE: Multiply the number of earned runs by nine; take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat. (At bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction.)

DETERMINING ON BASE PERCENTAGE: Add the total of hits, walks and hit by pitches and divide by the total of at-bats, walks, hit by pitches and sacrifice flies.

DETERMINING FIELDING AVERAGE: Divide the total putouts and assists by the total of putouts, assists and errors.

DETERMINING PERCENTAGE OF GAMES WON AND LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

SUSPENDED GAMES: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

"SAVE" RULE: A pitcher shall be credited with a save when he meets all three of the following conditions:
(1) He is the finishing pitcher in a game won by his club, and
(2) He is not the winning pitcher, and
(3) He qualifies under one of the following conditions:
  (a) He enters the game with a lead of no more than three runs and pitches for at least one inning, or
  (b) He enters the game regardless of the count, with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or
  (a) He pitches effectively for at least three innings.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

The designated hitter named in the starting lineup must come to bat at least one time, unless the opposition changes pitchers.

SCORING RULE ON PINCH-HITTERS: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared he will not be considered a pinch hitter during that second time up.

A substitute hitter for a Designated Hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a Designated Hitter only.

EARNED-RUNS RULE: The determination of earned-run is as follows:

'An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls; and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.'

Until 1969, the reliever could not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now, runs, scored by batters who reach base off the reliefer are charged as earned on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against the individual pitchers of that team.

DOCTORED BAT: A batter is out for illegal action when he uses or attempts to use a bat that, in the umpire's judgment, has been altered or tampered with in such a way to improve the distance factor or cause an unusual reaction on the baseball. This includes bats that are filled, flat-surfaced, nailed, hollowed, grooved or covered with a substance such as paraffin, wax, etc. No advancement on the bases will be allowed and any out or outs made during a play shall stand. In addition to being called out, the player shall be ejected from the game and may be subject to additional penalties as determined by his League President. (Rule 6.06d).

DETERMINING A "MAJOR LEAGUE YEAR": 172 days constitute a full year in the major leagues.

ROOKIE QUALIFICATION: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of a 25-man limit (excluding time in military service).

GAME WINNING RBI: The RBI that gives the club the lead it never relinquishes.

DOUBLEHEADERS: BLUE JAYS had one rescheduled twinbill on the schedule at home on June 2nd vs the Cleveland Indians. BLUE JAYS split with the Indians losing the opener 5-4 while rebounding to win the nightcap 5-2. BLUE JAYS played two other doubleheaders, one at Chicago and one at home vs Baltimore. The BLUE JAYS swept the doubleheader at Chicago on August 23rd winning the opener 6-3 and the nightcap 10-3. The doubleheader was necessitated by a rainout at Chicago on May 27th. The BLUE JAYS also swept the Orioles at home on August 8th winning 7-2 and 7-4. The "double-up" was necessitated by the August 6th players' strike. The 1985 performance lifts the career doubleheader record to 17-32-33 (2-0-1 in 1985).

POSTPONEMENTS: BLUE JAYS had three dates postponed, two at home. The only rainout of the season was May 27th at Chicago. Two games were postponed because of the players' strike, August 6-7 at home vs Baltimore. This marked the first time in franchise history that the club had not had a game postponed at home due to weather of any sort.

ON THE MOUND: The major nemesis of past BLUE JAYS pitching staffs was the inability of the bullpen to hold a lead. Such was not the case in 1985 as the acquisition of Bill Caudill (from Oakland) and Gary Lavelle (from San Francisco), as well as the emergence of Tom Henke gave the BLUE JAYS the league's best bullpen capturing the team Rolaids Relief Award, as well as setting club records in appearances, 316, saves, 47 (2nd in American League) and wins, 35 (1st). The starters proved to be just as effective although they did not have to go the distance as often, setting a franchise low in complete games.

POST-SEASON EPILOGUE

As the Blue Jays entered post season play for the first time, they would face the Kansas City Royals in the first ever best-of-seven American League Championship Series. . . The Blue Jays, who finished nine games ahead of the Royals in the loss column, were the favourites and would enjoy the extra home game.

In Game 1 Dave Stieb lived up to superstar billing, shutting out the Royals on three hits through eight innings with no base runner advancing past second base. The Blue Jays struck quickly with two runs in the second, three in the third and one in the fourth. The Blue Jays offense was sparked by 2 RBI performances by Ernie Whitt and Tony Fernandez.

Game 2 was a much more even affair with the Blue Jays eeking out a 6-5, 10-inning win. The Royals jumped into a quick 3-0 lead after $3^1/_2$ innings primarily on the strength of a 2 run HR by Willie Wilson in the 3rd inning. The Blue Jays rallied and took the lead on a George Bell sacrifice fly in the 8th. The Royals rallied, however in the 9th a on pinch hit HR by Pat Sheridan with the go ahead run being delivered in the 10th on a Frank White single. The Blue Jays won it in the bottom of the 10th on a two-out 2 run single by Al Oliver. On to Kansas City, the Blue Jays were up 2-games to none.

In Game 3, George Brett put on a baseball clinic going 4-4, 2 HR's, 3 RBI with 4 runs scored enroute to a 6-5 Royals win. Leading 5-2 after $4^1/_2$ innings the Blue Jays squandered the lead for good in the 8th when Brett led off the inning with a single and eventually scored.

Game 4, the Blue Jays came within one win of a World Series berth with a 3-1 come-from-behind victory. The Blue Jays won the game dramatically with 3 runs in the top of the ninth inning, the big blow being a 2 run pinch hit double by Al Oliver.

In Game 5, LHP Danny Jackson went the distance checking Toronto on 8 hits and scoring a run in each of the first two innings. Blue Jays still led the series 3-games to 2.

The Blue Jays and Royals returned to Exhibition Stadium for Game 6. Entering the 5th inning tied at 2-2 George Brett once again delivered the decisive blow with a solo HR. And, with 3.2 shutout innings of relief from Buddy Black and Dan Quisenberry, the Royals pulled even in the series for the first time at three-games apiece.

October 16th – Game 7 – Dave Stieb, the ace of the Toronto staff vs eventual Cy Young Award winner Bret Saberhagen. The Royals came out on top 6-2 shellacking Dave Stieb for six runs in 5.2 innings. The big blow being a wind-assisted bases clearing triple by Jim Sundberg to cap a four run 6th inning.

The Kansas City Royals became only the 5th club in major league history to trail a series 3-games to one and comeback to win the series. The Blue Jays? They slumped immediately after scoring five runs in the 5th inning of Game 3 scoring only eight runs in the last 40 innings.

When Bell hit roof shots on August 24th, (Tom Seaver) and August 25, 1985 (Floyd Bannister), he became the 15th non-White Sox player to hit the Comiskey Roof and the first major league player to hit two roof shots in one series. BLUE JAYS ROOKIES IN 1986

Pitchers (6): Luis Aquino, John Cerutti, Stan Clarke, Steve Davis, Jose DeJesus, Don Gordon
Catchers (2): Jeff DeWillis, Jeff Hearron
Infielders (5): Cecil Fielder, Kelly Gruber, Alexis Infante, Fred McGriff, Mike Sharperson
Outfielders (2): Otis Green, Glenallen Hill

STARTING LEFTY SHORTAGE: When Jimmy Key defeated California 6-3 on May 1, 1985, a rather auspicious streak was snapped. . . The Blue Jays had gone 614-games without a win by a starting LHP. . . prior to Key's win, the last Blue Jays starting LHP to register a win was Paul Mirabella who defeated Boston 3-1 (second game) on October 4, 1980. . . During the streak the Blue Jays started LHP's on 19 occasions.

GRAND SLAMS

CAREER		THE LAST TIME
Jesse Barfield	(1):	April 24, 1982 vs Boston's Tom Burgmeier
George Bell	(2):	August 2, 1985 vs Texas' Glenn Cook
Cliff Johnson	(3):	August 9, 1980 vs Montreal's Dale Murray
Buck Martinez	(1):	June 5, 1983 vs Baltimore's Tim Stoddard
Lloyd Moseby	(1):	April 20, 1984 vs California's Mike Witt
Willie Upshaw	(1):	Sept. 11, 1983 vs Oakland's Chris Codiroli
Ernie Whitt	(1):	June 23, 1985 vs Boston's Bruce Kison

IRON MAN STREAK Alfredo Griffin holds the Blue Jays record by playing in 392 consecutive games between September 6, 1981 and May 27, 1984 (second game). . . At the time that the streak was snapped it was the longest current streak in the Major Leagues. . . Ironically, Griffin entered that game in the 9th inning as a pinch runner and scored the winning run in a 2-1 game. However, since Griffin only appeared as a pinch runner, he did not receive credit for a game played to extend the streak (Rule 10.24(c)). . . The club's current Iron Man streak is 164 games by Tony Fernandez.

SEASONED VETERANS: RHP, Jim Clancy is the longest active Blue Jays player in terms of service with the club (8 years, 72 days). . . RHP, Doyle Alexander has the most major league service of anyone on the club at 14 years, 80 days.

1-0 GAMES: The Blue Jays are 8-6 in 1-0 games. . . By year they are: 1979 (0-3); 1980 (5-0); 1981 (0-2); 1982 (0-1); 1984 (2-0); 1985 (1-0). . . The Blue Jays won back-to-back 1-0 games vs Seattle and Oakland on May 15–16, 1980. . . The club's last 1-0 win was April 10, 1985 at Kansas City as George Bell hit a 10th inning HR vs Dan Quisenberry. . . The last 1-0 loss was August 31, 1982 vs Baltimore.

AWARDS

LABATT'S 'BLUE' PLAYER OF THE MONTH

Voting is conducted after each Blue Jays game, home and away, by a panel of accredited media personalities to select the outstanding Blue Jays player. The player with the greatest point total at the end of the season receives the Labatt's 'Blue' Most Valuable Player Award, along with $1000 and a cheque in a matching amount donated to the player's favourite charity. Monthly winners receive $500 and a matching amount to their favourite charity along with the Labatt's 'Blue' Player of the Month Trophy. In 1983 the award was split into separate 'Player' & 'Pitcher' awards.

THE PEARSON CUP

The Pearson Cup Game is an annual exhibition series between the Montreal Expos and the Toronto Blue Jays. The series is named in honour of the late Prime Minister of Canada and Nobel Peace Prize winner, Lester B. Pearson. The proceeds from the game are donated to amateur baseball in Ontario, Quebec and Canada.

The game is played during the season with the site alternating on a yearly basis between the home parks of the two clubs, Olympic Stadium in Montreal and Exhibition Stadium in Toronto. The 1985 game is scheduled for Toronto on Monday, April 28th at 6:05 pm.

The series currently stands at 3-2-2 in favour of Montreal with the BLUE JAYS undefeated in the past three encounters (2-0-1). . . Following are the line scores for each of the seven Pearson Cup encounters. The 1981 game was cancelled due to the players' strike.
